Dear sisters in Christ. Please leave my person alone ... This theme belongs to Gale, though it remains ... Question about my "trollizme and Orthodox" - let's close.

I then thought that perhaps your accusations Galina is also good. I used to like and Galya, shared her grief on one (Orthodox) forum. Wanted to spare the ... Well, sometimes, you know .. I want to sometimes, so sorry: cry: sorry for good people. But some, instead of "pink snot", straightened. me then it worked. Sober. Think. Even a draw conclusions about something to think about. So - go for it, Prove Gala that it is not right that so grieving. Maybe it would help, who knows ...

[B] "only prayer, visiting the temple during the commemoration of the dead, as well as confession and communion brings comfort and appeasement.

"[/ B]

Absolutely and unconditionally agrees. And that's what I Halina at the beginning of the topic and advised. And not only me. And not just in the beginning of the topic. YES, YES, YES. Only God, only in the temple - there is a consolation, there is strength in prayer, the sacraments, the Lord every tear utret ...

Well, I know, you know it .. Thank the Lord that opened our eyes! But the question I have one .. But you know that vobschem something happen in the world unbelieving people: blush:? Those who do not know about this? Who can not "fit"? We are (still can be) no ears to hear? " and "eyes to see?

You have that - surrounded by your loved ones there (friends, acquaintances, relatives, anyone you like) an infidel? you deal with them in their distress? too, will persist in sending prayers to the temple but to send? Explain tell (and then - if they ask!) - YES! but insist? Surely no one experienced? Are all of the strictly Orthodox believer environment?

Halina at the beginning of the topic explained what to do in the Orthodox Church to alleviate the plight of the deceased, to alleviate the plight lose. She saw it and read it. Not ask? Not specify? Not interested? Well. Gorko.Bezumno sorry. After all, here it is - relief and rescue, here it is - a light in her gloomy sorrow. Only hand Stretch .. And people do not see .. do not hear ... : cry: Well now - is proudly turn away? he says, "we're told you!" "Why then grind!" Well as some have done. Here I quote (nedoslovno. May and literally. with the names): ("Shoo out of here", "I have long since gone out of here!", "you've already told you!" "Well you're a widow, but so what - then you know how many of these! ").

Blonde, so what is it - your "next"? what is it? well advised to you once, the second time the same thing - what next? Consider their mission accomplished? Well, you can and tak.No [B] What is wrong [/ B] to "talk"? what's wrong with "just talk", "listen" to tell, to share, maybe even make friends?

in this same topic recently forumchanka Ira told how her friend helped her after the death of her husband. As they walked into the temple and stood just beside. In silence, for hours. But just be together. Understand?

So I tried to stay with Galina ryadom.Net opportunities in life, well, let not so pathetic, in the virtual.

I hope that was able to explain their position: blush: I'll try never to write anything that does not apply Galina and her subjects. It is a pity that she left ... Gal, do not go, please! Back! I am sure that all misunderstandings utryaslis. Tem more that people come to the topic, with the same grief as yours, share experiences.
